The Carmel Pine Cone

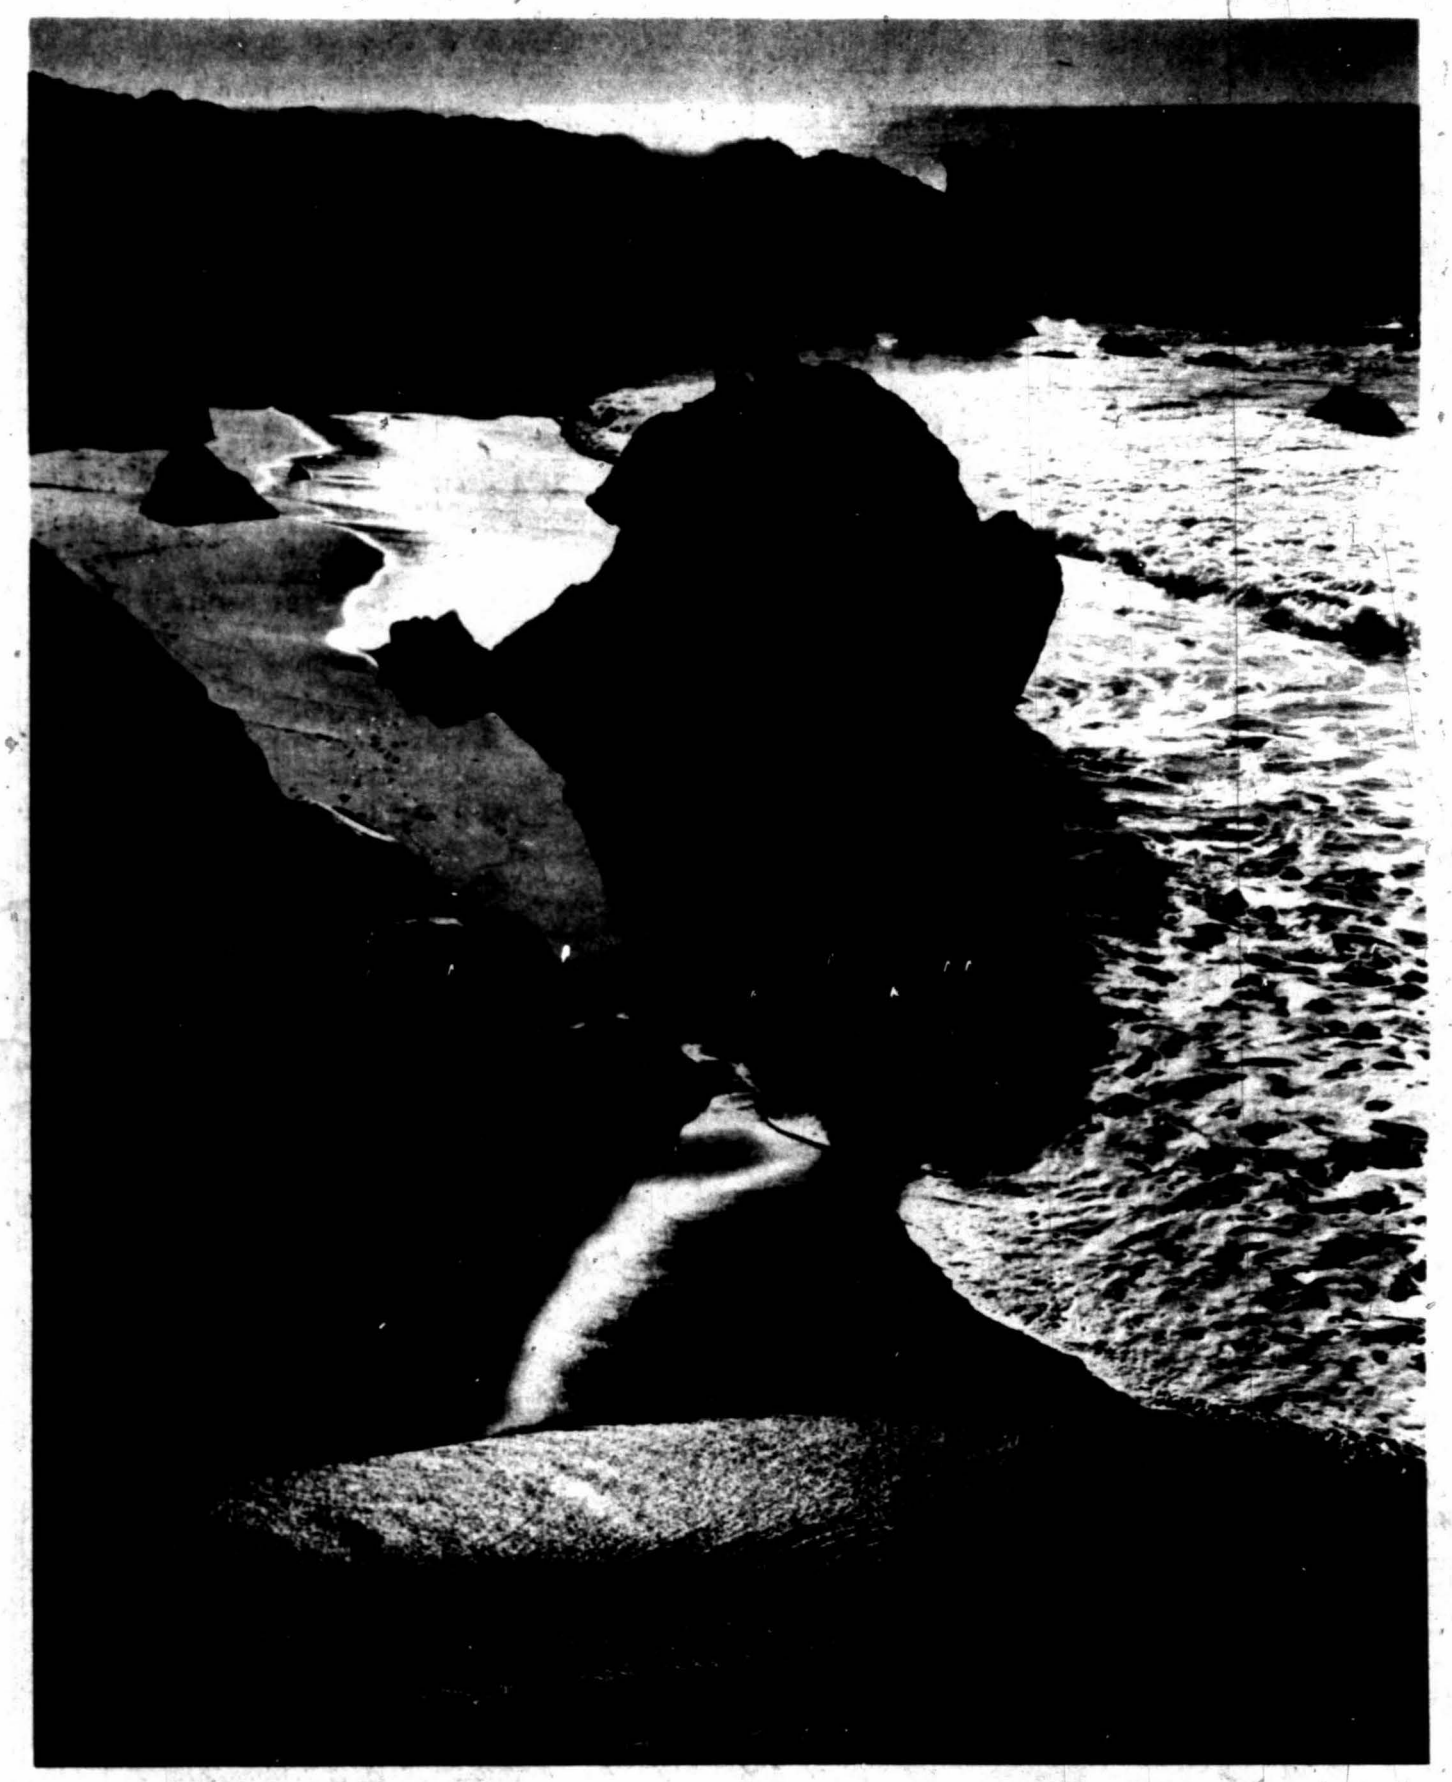
53rd year — No. 45 PUBLISHED WEEKLY AT CARMEL-BY-THE-SEA, CALIFORNIA 93921 Nov. 9, 1967 PRICE, 15 CENTS



Each evening the gathering darkness forms a shroud of beauty around Garapata Beach. Brett Weston, inspired by the loveliness of this rugged stretch of coastline 6 miles South of Carmel, recorded its magnificence. Weston is a member of the Friends of Photography, which is now exhibiting at Sunset Center photographs by Pirkle Jones and his wife Ruth Marion Baruch.

TV STATION PLANS ON PENINSULA SITE

By next fall TV watchers will be enjoying a new television station which will broadcast from studios on the Monterey Peninsula.

"We'll be on the air for Fall programming," said Stoddard Johnston, owner of KMBY Radio on Cannery Row, KMBY-FM and licensee of the new UHF television station.

Johnston, a veteran TV executive from Texas and the San Francisco areas, purchased KMBY radio in 1964 and readily began work to bring local TV to the Peninsula. The television signal will cover Santa Cruz, Carmel, Gilroy, Salinas, Watsonville, Monterey and her satellite cities.

KMBY-TV will be permitted, under FCC regulations, to take a channel on Cable TV and to broadcast network programs. Once in operation, however, Channel 46 will not be confined to broadcasting through cable facilities; enough power will be transmitted from Mount Toro to provide quality pictures to local residents with small antennas.

Johnston pointed out that at present only about 50% of NBC and CBS network programs are available for viewing in this area, but when Channel 46 begins operation, many of these shows not ordinarily seen will be carried by KMBY-TV.

The new UHF station will utilize the most modern equipment and will transmit locally produced COLOR films and slides. Included in the half million dollar equipment budget will be this area's first video tape machine.

Plans are made to operate KMBY-TV with a staff of 20 employees. This will bring Company employment (including his AM-FM radio personnel) to 43 employees. The location of the studio has not been confirmed, but floor plans indicate that the station will cover between 8 and 10 thousand square feet, with half of that area devoted to studio space.

Johnston lives with his wife and children in Carmel Meadows. "By the way," he said "My son works for the Pine Cone—he delivers papers every Thursday."

Council Meeting Set for Tonight

Because of the Ashkenazy piano recital at Sunset Center, the City Council adjourned the regular meeting until tonight.

The agenda calls for consideration of an ordinance permitting limited motel use in the R-1 Districts under use permits. Attorney William Burleigh might submit a recommendation based on knowledge he gained at the League of California Cities.

Consideration will also be given to determining the Council's policy on rentals and uses at Sunset, a proposal by the Alarm Corporation for a new television cable franchise; and a proposed standard lease form for use in rentals of facilities at Sunset.

WEATHER

Mostly sunny and smog free around Carmel. Day temperatures into the 70s; nights to 45 degrees. No rain in sight but the chances are building up for after the weekend.

Vietnam Casualty

Lt. Robert Fergusson, only child of Maj. Gen and Mrs. Robert G. Fergusson, (nee Charlotte Lawrence of Carmel) died in Tokyo recently of wounds received in Vietnam last month while trying to save his company commander.

Maj. Gen. and Mrs. Fergusson are now in Berlin where he was placed in command recently. He was former commanding general at Fort Ord.

Hippies Championed

Mr. Sam Karas of Monterey championed the hippy and pop musical presentations in a talk to Carmel Rotary Club Wednesday. I interpreted his speech to the effect that the adult just doesn't want to understand these youths' lack of responsibility, morals, discipline, cleanliness and disappointment with the society presented to them.

My reaction is that I am grateful such young people represent a minority of our young people. A.J.C.

"Mikado" At Circle

Heading a cast of Monterey Peninsula's outstanding vocalists and comedians, tenor Lex North will sing the role of "Nanki-Poo, the wandering minstrel" in the Circle Theatre production of the Gilbert and Sullivan operetta, "The Mikado," opening tomorrow night for a six week run of week-end evening performances.

Singing-actor and dancer, Lex North, a native of Australia, made his stage debut in London in the world famous Mermaid Theatre, going on to win critical acclaim in the original production of "Oliver" as the Dance Captain. BBC-T.V. appearances in ballet with Margot Fonteyn and Michael Somes followed. In United States the young actor travelled to the Pasadena Playhouse where he both acted and directed.

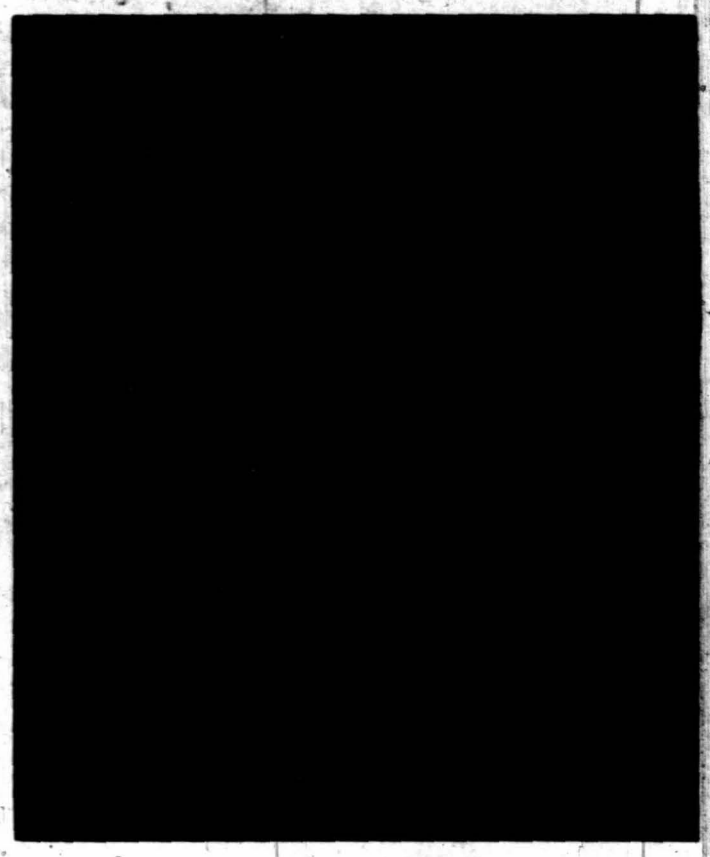
"Yum-Yum" to whom "Nanki-Poo" loses his heart will be played by soprano Harriet (Mrs. Richard T.) Bird of Monterey, concert platform, church soloist and voice teacher.

Mezzo - soprano Pauli Woodbury, currently studying with Carmel voice coach Douglas Taylor will appear as the tempestuous "Katisha".

Young star of Salinas Performing Arts productions, Patricia Horsley will play "Pitti-Sing," with singer and painter Joyce Malikoff in the role of "Peep-Bo."

Carmel's Robert Heater, renowned in the area for his acting versatility, will sing and cavort as the Lord High Executioner, with Allen Weinfield, who has won plaudits in the Studio and Circle Theatres in many and various plays, will enact "Pooh-Bah," Lord High Everything Else.

Actor-T.V. and radio script writer John Hicks will leer, hiss and guffaw in the role of "The Mikado" himself, with the Reverend



Lex North as Nanki-Poo in "The Mikado"

Lloyd Johnston of Carmel All Saints' Episcopal Church appearing as "Pish-Tush" a noble Lord of Japan. Young singers of Monterey Peninsula, as ladies and gentlemen of Japan, will complete the cast.

With tomorrow night's opening "sold out," reservations are now available for Saturday and Sunday nights' gala performances by calling 624-2669 or Central Box Office, 624-6739.

"The Mikado" is directed by guest-director Kermit Herd of the Pittsburgh (Penn.) Light Opera Company.

MOVIE REVIEW

THE DIRTY DOZEN, story of misfits turned into heroes, packs terrific punch. One of the big pictures of 1967 unfolds a spellbinding, unforgettable story behind enemy lines.

• • •

BEACH RED, its not just a war movie. Rip Torn says, "I'm going to bayonet 'em, break their arms so they don't give us no more trouble! That's what we're here for—to kill. This is all bull"

TO SIR, WITH LOVE reminds you of what really warm good movies are like. It is a beautiful movie and perfect from top to bottom with lot of mod action.

• • •

POINT BLANK, a powerful suspense drama was shot at Alcatraz last spring. Lee Marvin plays a man double-crossed by his wife and business partner.

• • •

REFLECTIONS IN A GOLDEN EYE. Strange passions tear at Marlon Brando and Elizabeth Taylor as a couple in conflict in a peacetime army post. Produced by Ray Stark from Carson McCuller's explosive novel.

"THE TAMING OF THE SHREW", a comedy by Shakespeare, has had audiences laughing for almost 400 years. The shrew is evil-tempered Katharina. In the motion picture version, Elizabeth Taylor is the shrew. And the man who tames her, Petruchio, is played by Richard Burton.

• • •

"A FUNNY THING HAPPENED ON THE WAY TO THE FORUM." A hit on Broadway and now a successful movie. Lots of girls, laughs and catchy songs.

• • •

DON'T LOOK BACK is the most effective presentation of the reality of contemporary youth attitudes.

Panic of Unwed Mother

The feelings of panic on the part of an unwed girl who finds she is pregnant, her need for help and privacy, were among the topics discussed at the October meeting of the Children's Home Society at the Casa Munras Hotel.

Mrs. John Faia, president of the Children's Home Society auxiliaries, and Mrs. Russell Pratt, both of Carmel, were welcomed as new board members.

Vice-chairman Mrs. Leonard Cohen of Carmel noted that 21 adoptions were completed during August. Many types of donations and membership programs, such as the Punch and Judy chapter, support the work of the privately supported non-profit organization. Donations not only benefit children but are of value as tax shelter.

Those wanting to know more about adopting a child, keeping a child, or contributing to the adoption agency may visit the office at 444 Pearl Street, Monterey or call 373-3239.

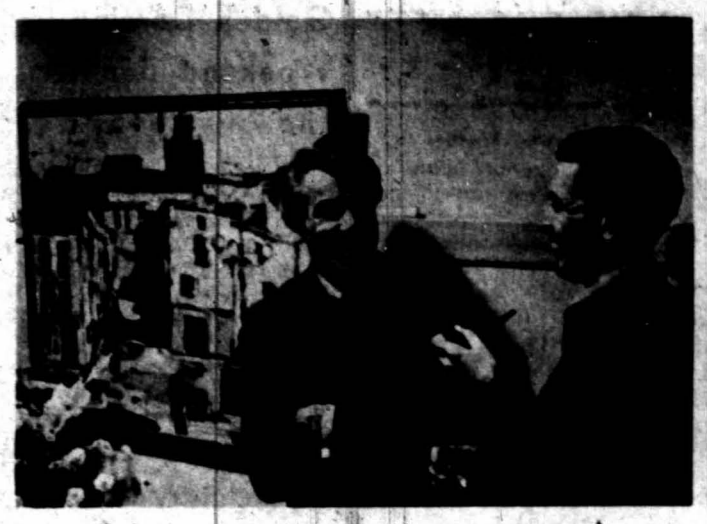
Carmel Art Association Party

It was a gay Saturday evening at the Carmel Art Association's annual cocktail buffet party. President Robert Davey and the board of directors were hosts again to active and associate members and friends. Curator John Halloran and his assistant Betty Szold were on hand contributing to the harmony of the evening. A beautifully decorated buffet of tempting food was set in the main gallery. There, artists and friends met and examined the memberships exhibition of paintings. Our camera captured some of this story in the accompanying pictures.



President Robert Davey and John La Pierre look very jovial as they chat in front of "In The Square," an oil and collage conceived by Mr. La Pierre while he was in Taxco, Mexico. Mr. La Pierre is head of the Art Department at Pacific Grove Schools.

Jessie Quigley Maddock stands beside one of her seascapes for which she is very well known. Proving her versatility, Mrs. Maddock also does an occasional landscape. She varies her activities further by being an enthusiastic golfer.

World Affairs Luncheon

At the World Affairs luncheon at Monterey Peninsula Country Club recently, Orville Schmidt of the World Bank, said that contrary to press reports, much progress has been made in Latin American countries in improving organization and management, policies conducive to success, and engineering studies, so necessary to progress in the field of power, tele-communications, and roads. Over 80% of total investment is financed by local ownership, he said.

From A Librarian's Notebook

By Ruth Galvin Thornburg, City Librarian

Traveling across the country the other day, this librarian looked for a paperback book to help while away the time during those hurry - up - and - wait periods between planes. Remembering the months long waiting list on THE VALLEY OF THE DOLLS, I decided to take a look at it to see why everyone wanted to read it. Take my word for it, the book is not worth reading. It seems to me to be a senseless reiteration of the idea that no matter what happens, take a handful of sleeping pills for they will give you sleep and sleep is the universal panacea. Rubbish! To ignore best-seller lists is to grow up.

Larzer Ziff is a Professor of English at California-Berkeley, and his latest book deals with the literary scene of the 1890s. Annotations are hard to do on a book of this kind, for it is filled with easy running information and is a delight to read because of it's nice word use. Suffice it to say, that the author discusses such topics as the magazines, the newspapers, the regional writers, the backgrounds - and styles of other prominent writers, and all of this under the book title of THE AMERICAN 1890s.

PARTICULARLY CATS is a charming small book by novelist Doris Lessing. Two cats she has, one grey and one black. The black cat is a maternity-ridden female, the grey cat an altered it-type. No names are mentioned. Mrs. Lessing calls them grey cat and black cat. The thing that makes the book is the fact that she records their moods and movements in a terse yet sympathetic prose which brings the entire scene home to the reader with startling clarity.

The Museum of Modern Art has published a book by Andrew Sarris which is entitled THE FILMS OF JOSEF VON STERNBERG. There were eighteen of them and the greatest motion picture actors of their day were a part of the action. Each film is discussed, with lists of their casts, and notes on the technical side of the productions. There are nuemrous photographs as illustrations. A most interesting book.

There is something about the great grey green reaches of Tibet which seem romantic, at least in pictures. Never more true than in the new book MUSTANG by Michel Peissel. It seems there is a small kingdom surrounded on three sides by Tibet, and the name of this small kingdom is Lo, which being translated means mustang. Its people are called Lobas. They believe the world is flat. They are very primitive and never bathe below the waist. Michel Peissel is an explorer who speaks Tibetan and with this in his favor, he explored the kingdom of Lo, later writing the book. The photographs which illustrate the account of his travels inspire the reader to wrap up warmly before opening the book. What immense windy cold plains and mountains! A most interesting book, but forget Shangri-La.

Finally, and briefly, mention should be made of the NEW YORK SPY by Alan Rinzler. It's the complete low-down on where to stay, eat, and amuse yourself in New York. A fascinating book which you should buy before you next fly across the country for a New York vacation. Read the library copy and then buy your own, remember.

The new Pebble Beach Gun Club will have its official opening Saturday, November 25th —Thanksgiving week end— with a benefit gun shoot for the "Building Fund" of the Peninsula Community Hospital.

Del Monte Lodge will provide libations and an elaborate buffet luncheon for the affair, and the Gun Club will donate the use of the facilities and clay targets. All proceeds to benefit the "Building Fund."

B. A. Coleman, General Manager of Del Monte Lodge, is in charge of arrangements for the shoot.

With all the construction going on at the head of the Valley, many people in this area (Carmel) have been especially concerned with the physical appearance of the Ramada Inn, a motel with plans for construction on Rio Road, West of Highway 1. Architects Hall-Goodhue assure the Village citizens that the local owner arranged with the Ramada chain for a structure more in keeping with the atmosphere of the Peninsula. So, instead of having the typical colonial motif with huge white columns, the Carmel Valley Ramada Inn will be much like the motels we like best in the area.

Working with gas can be an explosive job, but the gas company employees at Pacific Gas and Electric Company have proven they can work around and with gas with safety. They turned in 5 million man hours without a lost time accident. There are 5421 employees in the gas department. We remember one safety expert as saying that safety is built into the job. As long as a man does his job right, he is observing safety rules, resulting in doing an expert job.

If you'll drive around the out-skirts of the Village, you'll find about a half dozen graders, bulldozers and water trucks clearing away trees, scraping aside the top soil and kicking up a lot of dust in their effort to bring more buildings and shopping facilities into the area. At the end of Carpenter Street, across Highway 1, a spacious condominium is being constructed . . . then at the head of the Valley in the vicinity of Carmel Rancho Shopping Center a new Safeway store is being built and further down the road to the South of Rio Road, a large enclosed Mall Shopping Center is breaking ground. We'll have more on this shopping center in the weeks to come.

Remember a week ago the Cultural Commission considered the use of a Kiosks on Ocean Avenue to attract visitors to Sunset Center? Well, if your memory fails you about how the structures appear, take a drive, or walk, by the Golden Bough movie theatre and look at the one there.

• • •

In a village where signs are frowned upon for the most part, it seems rather odd that there should be TWO signs side by side advertising the same function. Notice the FOREST THEATRE signs at the corner of Junipero and Ocean Avenue. We think one would serve the purpose.

Harry Conley of Carmel Valley, whose batiks look more like paintings, is being given a six page spread in the November issue of Arcadia Magazine, an international art magazine. There will be many crafts in action such as weaving, pottery, small sculpture, jewelry, leather, furniture, puppets and glass.

STEAK DINNER ON TAP FOR A LABRADOR RETREIVER . . . at least that's what it looked like to passing motorists as they saw this dog trotting along city streets followed by other interested canines. In reality, the meat was nothing more than a "fatty" bone given him by the meat market on San Carlos. The dog's master worked for the market before he went into the Air Force, and frequently provided his dog with other similar cuts of meat. The market employees still share their meat with the dog.

The Complete Gardener

. . . a regular diet of information having to do with plants

With this issue the Complete Gardener is singing its swan song for the 1967 season. In wrapping up the package it might be well to summarize a few important points.

Let us repeat our precautions about insecticides and weed-killers. They're poisons. Treat them with care. Keep them out of the reach of small hands. When you must use them please take the time to read everything on the label before you open the package. Extraordinary caution should be taken with the new systemics.

Bear in mind that plants require a constant level of water and nourishment, just as we do. Don't overdo it. Feed them sparingly, but oftener. Water them only when they need it. Remember that a healthy plant is less subject to damage by insects and disease.

Consider the usage of materials before you buy them. Superphosphate is more practical and more economical to use than bone meal. Steer manure should not be treated as a fertilizer, but as a soil amendment. Money spent for liquid fertilizers is largely wasted when they are used in sandy soils. Combinations of fertilizers, weed-killers, insecticides and fungicides are never as effective as when they are applied separately. Composted fir-bark soil conditioners are easier to apply and last much longer than peat moss.

We know that you can become a successful home gardener if you have the will to grow things and use a little common sense along the way. For those of you who are thoroughly convinced that your thumb is black we can offer only one suggestion: The best way to have a good orchard is to move next door to one. And then cultivate the neighbors.

Meanwhile, after ten months of complete gardening we're ready, willing, and able to take that vacation.

Christian Science Sermon

"Know that the Lord hath set a part him that is godly for himself: the Lord will hear when I call unto him." This verse from Psalms is the Golden Text in this week's Bible Lesson on "Mortals and immortals," to be read in all Christian Science churches this Sunday.

"Gala Scottish Dinner"

"And, my lords and liegz, let us to dinner, for the cock-a-leekie is a-cooling" is one of Scott's famed sayings. This will start the gala Scottish dinner and Tartan Ball taking place at the Mark Thomas Inn on Saturday evening, November 18. Sponsored by the newly-formed Scottish Society of the Monterey Peninsula, this International Night festivity will benefit the Community Hospital Building Program. It will also complement the Monterey Peninsula Scottish Gathering and Games evening held the same weekend at the Monterey Fairgrounds.

The authentic Scottish dinner planned by Graeme MacKenzie, and the entertainment rounded up by Albert Railton, will combine to make a brilliant night of Scottish dances and the Lockhead Bagpipers and Drummers in full regali will play. Guests are asked to wear Highland dress or dinner jacket and the ladies the tartan sash of their clan, fastened to the right shoulder, over short or long evening dress. The Terrace Room of the Mark Thomas Inn will be newly decorated in bright Scottish motif where cocktails commence at 6:30 followed by dinner at 7:30.

At dinner, Dr. Ted McCormick will deliver the traditional Burns' "Address to the Haggis". At every Scottish Banquet, Haggis (Scotland's national dish) is served. The Haggis for the top table is piped in and carried aloft on a silver platter.

Now we give you the dinner menu, plus recipes sent by the Mackenzies for exclusive use in "Party Plans".

REPORTS FROM RLS

Parents Day Combined With Art Show

Students and faculty have been planning an exciting weekend for parents and public alike, this Saturday and Sunday in celebration of the annual Parents Day at the school. In addition to the regular teacher-parent conference being held on Saturday afternoon in the gymnasium, there will be: a play presented by the Drama Club; an outstanding Art show, including selections from ten galleries in Northern California; a panel discussion by three leading speakers from the Art world; and assorted other activities that will complete a weekend of excitement for both parents and the public. The public is cordially invited to attend any of the events.

Activities really will start on Friday afternoon when the water polo team travels to Lynnbrook High School. The varsity and junior varsity will compete in their last match of the season. Then the cross country team travels to Monte Vista High School in Watsonville to face other schools in the Coast Athletic League for the Championship, both teams running at 4:00 p.m. And finally, at the Stevenson School at 3:30 p.m., the varsity and junior varsity soccer teams face York School in the traditional final match of the year. The winner of this match receive a trophy emblematic of the Independent School Championship in the Monterey area.

Saturday afternoon, parents will be invited to the school to join in teacher discussions and observing the Art show which will include selections from Carmel Galleries such as the Laky, Zantman, Dooley, Cooling, and Skaalegaard. Galleries offering presentations from San Francisco include the Pomeroy, Galerie de Tours, and the Winblad Fine Arts Gallery. All of their selections are for sale. On display at the Art Show will also be a Rembrandt which is not for sale, and a bust of the founder, Robert U. Ricklefs that was presented by the Senior Class of 1967. It will have its first display this Saturday. An additional special feature of the show will be Indian rubbings from Central and South America on display from a collection of Mr. and Mrs. Robertson of San Rafael.

Under the supervision of student Mark Hornberger and his staff, there will be a special table set up to display a portfolio of paintings by Stevenson's Artist-in-Residence, Richard Pearsall. These unique reproductions of oils that Pearsall has painted on the campus will be available at a nominal cost. They capture the beautiful simplicity of the forest where the school is located in the pleasant style of Mr. Pearsall's that might be described as Mediterranean. This will be the first chance for parents to see a major display of Stevenson's Artist-in-Residence.

At 9:30 on Saturday evening in the school dining hall, parents and public are invited to view the first presentation of the Drama Club in four years as the Stevenson players present "The Valiant." Under the direction of Mrs. Rosemary Garrison, this play by Hall and Middleheiss explores the conflict of a man who is condemned to death — an educated convict who does not accept society's laws. The featured players in the one act, presentation are Don Hart, as Father Daly; Joel Harris as Warden Holt; John Cann as James Dyke, a prisoner; Jackie High (Mrs. Tip High, wife of the faculinstructor in English) as Josephine Harris, a girl; and Jim Hebenstreit as the jailor, with Pete Kessler as another jailor.

Serving backstage, will be Steve Hyde, Bill Rawson, Lloyd Taylor, Jody Kelly, Jim Russell, Tom Gardner, and Lonnie Foy.

Sunday, the Art Show will be open to the public, beginning at 1:00 p.m. until 4:30 p.m. At 4:30, there will be a special feature as Art World authorities will present a panel discussion on Contemporary Art. On the panel will be John Lyon Reid, award winning architect from San Francisco who designed the famous Ehrman Memorial Chapel at the Stevenson School, and who is a member of the Board of Trustees of the school, and one of the leading designers of school and public buildings in the United States. With him will be Nleendert Kamelbarn, the Director of Art at Chabot College. The subject area will be a "Good Word for Contemporary Art." In addition to numerous showings, awards, and teaching assignments, both here and in the Orient, he is a leading lecturer and writer, and has received awards at the Monterey Art Festival. Third panelist is John Hamilton, who is Gallery Graphics Director, and who has paintings hanging in the New York Public Library, the Chase Manhattan Bank, the Boston Museum of Fine Arts, and the City of San Francisco's Hall of Justice. He will speak on the "Original Graphic Work of Art, or the Print".

The student body will also have a display at the gymnasium, the Science Department will have a display, and topping off, the day on both Saturday and Sunday, the Sponsors Club under the direction of Mrs. Jack Miller, will be providing and serving refreshments.

ORDINANCE NO. 40
FIXING CONTRIBUTION IN CASES WHERE SEWAGE DISPOSAL BURDEN IS INCREASED (LAND IN DISTRICT)

WHEREAS, the Carmel Sanitary District has constructed a sewage treatment plant with its necessary appurtenances and from time to time has made additions thereto and

WHEREAS, sewers and sewer appurtenances have also been constructed and installed by said district, and

WHEREAS, land now in the district has been assessed to pay the costs of the aforesaid improvements to the district or has paid a pro-rata share of the cost of said improvements as determined by the board of the District, and

WHEREAS, lands now in the district may be further divided or rezoned so that when additional improvements are made thereon there is an increase in the number of plumbing fixtures and attending burden of sewage disposal, and

WHEREAS, lands will be annexed to the District which will be improved, and

WHEREAS, improvements on land may be altered so that there is an increase in the number of plumbing fixtures and the increase in plumbing fixtures will result in an increase in the burden of sewage disposal, and in the case of annexed land, improvements thereon will result in an increased burden of disposal, and

WHEREAS, it is just and equitable that where improvements are made that increase the burden of sewage disposal, the land involved should be assessed by the Board to pay the increased cost of disposal, and

WHEREAS the burden of disposal of sewage may be increased by surges of discharge or the characteristics of the sewage may vary from the waterborne wastes derived from ordinary living processes and be such that an additional disposal burden is created, and

WHEREAS, it is just and equitable that where the burden of disposal is increased by surges or changes of characteristics of the sewage result in an increased burden of disposal, that the land should be assessed by the board to pay the increased cost of disposal;

NOW, THEREFORE, the Board of the Carmel Sanitary District does ordain as follows:

Section 1: DEFINITIONS

REAL PROPERTY: Land that is improved or unimproved by dewllings.

DWELLING ACCESSORY: a subordinate building the use of which is incidental to that of a single family dwelling on the same building site, lot or parcel of land.

DWELLING, ONE FAMILY: a detached building designed for, or occupied by one family.

BUSINESS AREA: All real property in the district other than land in the residential zones.

GARAGE, PRIVATE: An accessory building.

GUEST HOUSE: Detached living quarters of a permanent type of construction and without kitchen or kitchen equipment.

IMPROVEMENT: Dwelling or building of any kind, constructed, remodeled or altered, on land.

NORMAL SEWAGE: Waterborne wastes derived from ordinary living processes which are of such volume and character as to permit a satisfactory disposal into a public sewer.

DISPOSAL PLANT: Plant for treatment of raw sewage and disposal of effluent.

PLANT FACILITIES: Pumping plants, connecting sewers and plumbing fixture sewer appurtenances as defined in Ordinance No. 34.

INSPECTOR means District Inspector.

FIXTURE UNITS: Lavatory and toilet or equivalent combination.

UNIT FOR THE MEASUREMENT OF SEWAGE DISPOSAL CONTRIBUTION, hereafter called "unit": one family dwelling, dwelling accessory private garage and guest house.

LOT: Lot is defined as a parcel of land designated on the Assessor's Map of Monterey County, California, as a lot.

SEAT: Seat is defined in the latest edition of the uniform building code.

SECTION 2: That where land is vacant at the time of the passage of this ordinance and it is outside the business area and later improvements are made thereon, the inspector shall use as his basis for determining sewage disposal a residential site equivalent whereon there is a one family dwelling, dwelling accessory private garage and guest house; said site is considered hereafter as one unit for the measurement of sewage disposal contribution.

That where land is vacant at the time of the passage of this ordinance and it is located in a business area within the district and later improvements are made thereon, the inspector shall use as his basis for determining sewage disposal one lot as shown on the assessor's map of Monterey County, California, and two units for the measurement of sewage disposal contribution shall be allowed.

Whenever improvements or construction occurs at a later date on property now in the district or which may hereafter be annexed to the district after the date of the ordinance, and the number of units alloted to property heretofore set forth for computation of sewage disposal volume is exceeded then a contribution to offset the increased cost of sewage disposal shall be determined by the Board and paid by the property owner. The inspector of the district is hereby designated as the representative of the board and it shall be his duty to report the number of units required for new construction and remodeling or alteration of improvements and the amount to be paid to the district as a contribution.

The following unit schedule shall control in measuring sewage burden contribution:

Single family dwelling	1.0 unit per dewlling
Multiple family dwelling	0.6 units per dwelling
Apartment housing	0.6 units per dwelling
Hotels & motor lodges	0.4 units per dwelling
Stores, offices, general business	2.5 fixture units per unit
Restaurants—banquet rooms	20 seats per unit
Tavern	30 seats per unit
Theater—meeting rooms	50 seats per unit

That whenever the board determines there are special circumstances or conditions applicable to the proposed use of real property the measuring sewage burden contribution shall be determined by the board.

That the board reserves the jurisdiction to increase or decrease the charges established in new language whenever the board determines there are special circumstances or conditions applicable to the proposed use which justify a modification of the sewage disposal contribution.

Section 3: The unit charge for sewage disposal contribution shall be $250.00.

Section 4: The amount of the contribution is to be paid before a permit for connection to the district sewage system will be allowed.

Section 5: This ordinance does not apply when the land owner has by contract with the board of the district established the amount of contribution to be paid. That whenever the board of directors determines there are special circumstances applicable to a proposed use of real property which justify the establishment of special charges, the Board may enter into a contract with the land owner. That whenever such a contract has been authorized the charges contained in the ordinance shall not apply to the particular property or the particular use covered by the agreement.

Section 6: That the charge hereunder is separate and distinct from the contribution established by Ordinances 33 and 35.

Section 7: This ordinance repeals Ordinance 38 and all ordinances or parts of ordinances in conflict herewith.

Section 8: This ordinance shall be in full force and effect one week from the date of its publication.

FIRST TIME WE'VE ADVERTISED
THIS FASCINATING HOME

If you've been looking for your new home in the Country Club, you've probably noticed how hard it is to find a really interesting two-bedroom home in a top location. This is why we're all so delighted to offer you an architect's home which is refreshingly "different" without being way-out or so far off-beat you'd feel you're living in a museum piece.

The tiny little entry garden pleases the eye right off, while you're waiting for the front door to be opened. Then walk into a modern Keeping Room, that old-fashioned Combination of entry, family room, and in this case, the entry to the rear garden also. (Terrazzo floors, so beautiful and such easy care, make this garden entrance practical as well.) And this may be the best place to mention that the rear garden is small and easy care, with a manicured lawn which really delights the eye.

Up a couple of steps into an unusual living room with 14-foot high redwood ceiling, paneled redwood walls, and a striking adobe and slate fireplace — AND a wonderful ocean view from the beautifully scaled windows. Nylon fleece carpeting to keep this room the quiet and peaceful place it seems even at first glance. Up a few more steps to a master bedroom—its view is Point Joe—with a convenient dressing-bath arrangement. Downstairs, a very similar "master bedroom".

Through the "keeping room" again, and you're delighted to find those handsome terrazzo floors extend into the kitchen. ("How I wish I'd had these floors when my two sons were small!" said the owner.) And Ooh la la! What a kitchen; It even has a Char-Broil. Exposed beams, rough-finish pine.

And such nice odds and ends of items: a doggie door, separate fenced service yard, drain tile all around the house, the beautiful condition of the painted redwood siding exterior, the sun-trap back terrace. And you know what? The price is only $53,500. The owner would lease back for 6 months, if you're not quite ready to move, too. May we show you right away? It's such a pleasure!

Heidi Lawitzke tells us that the Varsity Padres lost a good one this week . . . in the last 22 seconds of their game with the San Lorenzo Cougars. The Padres and San Lorenzo were tied at 6-6, then 13-13 until the Cougars threw a screen pass to win 19-13. Heidi said Carmel lost last year by the same pass pattern. The Freshmen and the JV's won their games.

MARKET COMMENTARY

Dow Theory Business and Stock Market Forecasts letter of November 2 reminds us that the present stumbling of the stock market has been forecast by the divergence of the rails and industrial averages and suggest your portfolio be protected by a 25% reserve. However, they still see higher prices ahead this year.

United Business & Investment Report of November 6 terms the market in a full scale reaction—but limited and temporary. Their recommendation is 10% to 12% reserves but the time is rapidly approaching to put reserve funds to work.

A good stock recommendation—General Motors.

Renaissance Music

The "Festival of Renaissance Music" being presented by Monterey Peninsula Choral Society, November 10, 11 and 12 at First Methodist Church of Pacific Grove under the direction of Jan deJong, Conductor of Monterey County Symphony, features members of the Symphony in the opera production "Don Trastullo" Saturday evening: Concertmaster Michael Rosenker, with violinists Elizabeth Du Val, Sharon Jones, Owen Dunsford and Muriel Brady; cellist Louise Vadetsky, Michel Fader, bass, Raymond Fabrizio, flute, Barry Fader, oboe, Morton Thomas and Stephen McCann, French horn, players make up the Festival Chamber Ensemble.

Jean Arthur Ailing

Our own Jean Arthur took ill in New York and her Broadway premiere of "The Freaking Out of Stephanie Blake" was canceled until she recuperates. Miss Arthur suffered from exhaustion and was "under strong sedation." Previews of the play had been scheduled all week, but Miss Arthur appeared only three times.

Musical Comments

Ashkenazy played to a shouting, foot stomping full house last night at Sunset Auditorium in the first Carmel Music Society offering of the season.

He took command of his audience in the first moments of the traditional slow movements of the melodious Schubert Sonata No. 3 in which he drew on the velvety tones of his fine instrument. Playing without affectation or theatrics, he seemed to lose himself in the poetry of what Schubert had to say.

The real test came after the intermission when he played all the first book of Twelve Etudes by Chopin. Here there was much variety, from the whirring chromatics of the A minor, the difficult left hand of the C sharp Minor, the light arpeggios of the C Major, and the plaintive Polish folksong theme of the F Minor in which his sweet singing tone predominated. The closing power of the C Minor (Revolutionary Etude) completed the challenge which he more than met. MH

Carmel note: Mrs. Charles Trumbly, there with Sally Magee said that Vladimir Ashkenazy was a friend of John Browning, the concert pianist, her protege, and that John had taught him many English words when he came to this country.

Miss Beth Whitmore

August Wedding For David Hunter

Mr. and Mrs. Leonard Edgar Whitmore of Virginia Water, Surry, England, announce the engagement of their daughter Beth to David Howard Hunter, son of Mr. and Mrs. Howard Pershing Hunter who live at "Fall Timbers" on Mission, north of Santa Lucia, Carmel.

Miss Whitmore was graduated from Grinnell College, Iowa in 1967, member of Phi Beta Kappa. She is presently studying for her master's degree in Social Work at Western Reserve University, in Cleveland.

Her family moved to England in 1952 where she attended school near London until she returned to the United States for college.

David was graduated from Principia College, in Illinois, class of 1966. He earned his teaching credentials the following year from Fresno State College. He is presently teaching History and Biology at the Daycroft School, Greenwich, Connecticut.

The young couple first met at the wedding of Beth's twin sister who also attended Principia College where she met her future husband, one of David's closest friends. They are planning an August wedding.

Buffet Party At Carmel Art Opening

Marlinde von Ruhs showed another talent besides painting by chairmaning the cocktail buffet party at the opening of a new show at the Carmel Art Association Galleries last Saturday afternoon. It was a beautiful party with an interesting mixture of guests to match the variety of paintings and sculpture.

She was assisted by Jane Buffington, Doris Winchell Bates, Sophie Harpe, Reginald Machado, and, of course, John Holloran, who did the decorating. President Robert Davey was also helpful, as were Steven Hennessy, Alvin Beller, Eugene Baker and Charles Thomas who dispensed hospitality.

Both Judge Eugene Harrah and Judge Gordon Campbell were present, as well as Mayor Steven Grant, and other city luminaries. Dr. Robert Newton was on hand. Frank O'Neill and Bob Barnes, cartoonists were there with their wives.

The former Virginia Fry was there with her new husband, Amory Bradford, of Aspen, Colorado. Mrs. Bradford is a vice-president of Pioneer House. Mr. Bradford is a writer.

Linford Donovan, whose show of her portraits of colorful people all over the world, closed last week, was wearing an interesting Japanese coat.

Virginia Clemme appeared in her grey acqua silk suit and hat with the handsome low neckline collar from Mongolia, coral and enamel on bronze, with matching bracelet, most striking.

Mrs. Hans von Richter was telling an amusing story about some of the things she brought back from Japan and how Mrs. Michael Rosenker, wife of the new concertmaster of the Symphony, translated some unexpected phrases on one of them.

Marlinde von Ruhs, by the way, is off for a week in the Bahamas, and a well deserved vacation it is!

The Clifford Cooks And the August Nietos

The Clifford Cooks, former PINE CONE publishers, and the August Nietos, realtor and restaurateur, returned recently from a drive which included Lake Tahoe, Lehman Caves in Nevada, on to Bryce Canyon and Zion National Park where the "fall colors were marvelous."

They visited Jacobs Lake at the north rim of the Grand Canyon where they saw many "black squirrels with white tails, and wild turkey". Then they drove around to the South rim where they watched the Indian dances. On they went to Las Vegas for some good shows before returning home.

How could August Nieto get away while he is doing extensive remodeling to the SU VECINO RESTAURANT and AZTEC ROOM? He has purchased the property directly behind it and will build a new room. His compadre of 9 years in the restaurant business, Herman Ayala will manage the operation.

Named "Commodoress' By Matson Line

Mrs. Armitage F. Dredge who lived at Carmelo and 16th since 1948 until she moved to Hacienda Carmel three years ago, left early this week on the first leg of her trip to the South Pacific. She will leave San Francisco shortly on the S.S. Monterey on which she has been named "Commodoress" by the captain, since she has traveled so much on the Matson line.

High point of this trip will be a Eureka College (Illinois) reunion in Sydney, Australia, with seven classmates. (A famous alumni is Governor Ronald Reagan.) Two of them live on a "sheep station". She will be a guest at their cottage off the coast farther north, and they will visit the Great Barrier Reef by private launch. Two will come from New Zealand where she will also visit, and two from Tasmania.

On the way back she will visit relatives and friends in all the Hawaiian Islands where her parents were born. (She herself was raised on a cattle ranch in Colorado). She will return to San Francisco on the S.S. Mariposa in about three and a half months.

JEWEL FASHIONS BENEFIT ART MUSEUM

The Beach Club was packed at the Jewels in Action Fashion luncheon on Monday, a benefit for the Monterey Peninsula Museum of Art, narrated by designer Lindemann of San Francisco.

The most unusual costume, a black Persian lamb coat dress with large buttons down the back, sable hat, and high black vinyl stretch boots, was worn by Mrs. Basil Coleman, who chose a diamond pin for her hat, a diamond dome ring for her hand, and other pieces.

Barbara Tripp chose to model a gold mesh choker which formed a knot below her throat held by diamonds. She was wearing a low cut gown in Chinese red.

A flexible gold necklace, flecked with tiny diamonds and blue sapphires, was shown by Mrs. Monte (Kay) Harrington who wore a grey and white chinchilla hat with her black Italian knit. Her matching bracelet and dome shaped ring were in the most exquisite taste.

Mrs. Arthur (Beth) Castle wore pearls with her yellow raw silk suit. One piece was sculptured from a double pearl.

Of the guests, a most attractive hat, made of royal blue feathers on bright green, was worn by Mrs. A. J. (Elizabeth) de Lorimer of Pebble Beach. She confided its secret to the others sitting at the table of Mrs. Myron Lando whose birthday they were celebrating.

Mrs. William (Maggie) Arnold, president, described some of the activities of the museum association, formerly AFA, such as workshops, lectures, bus tours in the San Francisco area, and changing exhibits.
